RENOVATE BEFORE YOU SELL

The one-page checklist

Some renovations add value. Others are money you never get back. **Before you spend a dollar, find out what buyers are actually looking for.**

1	2	3
Will a buyer see it in the photos or the first minute?	**Can it be finished and paid for before photos?**	**Would a building and pest inspector write it up?**
Yes → question 2 · No → question 3	Yes → Spend · No → Ask first	Yes → Fix · No → Skip
